Benita and Greg, do you know where all of OW's briefing papers and one papers are currently saved? It will be helpful in responding to QFRs if we have access to those word files, as well as our previous QFR responses.

Greg,

Here is the new schedule to respond to the QFRs from the Administrator's confirmation hearing. We will need a team to help with the response on a very tight schedule. We will talk tomorrow about who that team should be.

Lee
